# SUNSEEKER

3050S Shown in Khaki Decor with Rustic Cherry cabinetry

Tasteful design, combined with a unique combination of style, value and preferred amenities make travel in the Sunseeker comfortable and loads of fun. Sunseeker's unique split level design provides maximum headroom in the living area, while still offering pass-through storage on every floorplan. Plus, all Sunseekers are "Certified Green" by TRA Certification.

### STANDARD SERIES TOP FEATURES

- Lane departure warning system
- 7' Ceiling height
- Crowned fiberglass roof
- Trekker cap option with built-in entertainment center and storage IPO overhead bunk
- 2"Thick gel coat sidewalls with lightweight composite waterproof material
- Firestone Ride-Rite<sup>™</sup> suspension
- Heated enclosed tanks
- Water filtration system
- Electric awning with LED lights
- Valve extensions for rear tires
- 7,500 Lb. tow rating (Ford only)

- Two cab-over windows in bunk area (N/A Trekker cap option)
- Upgraded stainless steel appliances with 1.3 cu. ft. microwave
- 40" 12V LED TV
- Standard side view and back-up cameras
- Slide out awning toppers
- Surround sound with exterior speakers
- CarPlay/Android Play Sony® stereo
- Maxx Air vent with cover
- Solar prep

3050S Shown in Khaki Decor with Rustic Cherry cabinetry

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, occupants, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GCWR (Gross Combined Weight Rating) - Is the maximum permissible loaded weight of your motor home and any towed trailer or towed vehicle. Actual GCWR of this vehicle may be limited by the sum of the GVWR and the installed hitch receiver maximum capacity rating; see hitch rating label for detail.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by each axle. UVW (Unloaded Vehicle Weight)\* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s), including full fuel, all fluids and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

\*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)\*\* - is the amount of weight available for fresh potable water, cargo, passengers, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

\*\*Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit. Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

### **NOW PREWIRED FOR SOLAR ON THE SIDE\***

#### **POWERFUL SOLAR CHARGING KIT**

- Freedom to explore off-grid locations
- High-efficiency 100 watt monocrystalline solar panel
- Expandable up to 500 watts
- Low-profile panel, invisible from the road

#### **DIGITAL SOLAR CONTROLLER**

- Produces more charging power
- Displays solar charge and battery capacity

#### **SOLAR ON THE SIDE PORT**

Pre-wired for a portable solar kit.
 Simply plug in an 80 or
 120-watt portable solar kit!

#### WHY GO SOLAR?

SAVINGS Extends battery life by

Go Power!

**ZERO FUEL** No generator required to run

**QUIET**Alternative to generators

**RENEWABLE** and safe power source

SOLAR ON THE SIDE™ solar connection

Large panoramic windows with blackout shades for plenty of fresh air and natural light.

12V 4-Port USB charging station (Living room/bedroom, N/A LE)

Sunseeker is equipped with a residential mattress for a good night's sleep.

Seamless front cap for enhanced aerodynamics

Solar Prep

LED lights generate almost no heat compared to incandescent lights and use substantially less power.

Winterizing tube provides easy access for quick maintenance includes bypass valve.

Sunseeker is appointed with rich

Two batteries in a single housing for easy access. (One battery LE and Transit)

The overhead bunk is rated for 440 lbs. and includes a cab over safety net

Outside speakers

This Winegard HD digitally amplified antenna enhances reception.

Progressive Dynamics patented 4-stage Charge Wizard converter system has been shown to increase battery life by 2 to 3 times or more. It constantly monitors battery usage and voltage, then selects one of four operating modes to properly charge and maintain the battery. Boost, Normal, Storage and Equalization.

This holding tank vent cap eliminates odors and gases from the holding tanks and exhausts them out the roof, without the use of costly chemicals.

<sup>\*</sup> Optional SOLAR ON BOARD upgrade is available

Durable, easy to clean (R-18) crowned fiberglass roof sheds water and doesn't cause black streaks like a rubber roof.

Sunseeker's entry step is integrated into the sidewall. No more slippery, or damaged power steps. (N/A MBS)

Maxx Air Fan recirculates air throughout the entire coach.

**ATWOOD TRADITIONAL** WATER HEATER **WATER HEATER** 

Atwood 18 GPH water heaters (6 gallon tank) out perform traditional 10 and 12 gallon tank water heaters. They're also 50% lighter and have no anode rod to replace.

*Firestone Ride-Rite* Advantages include adjustable air springs provide an improved ride, and a better way to balance loads

Heated/enclosed holding tanks use warm air from the furnace to protect tanks and valves. (N/A 2250 SLE, MBS and Transit)

Comfortable sofa with footrests, folding armrests and drink tray converts to a convenient sleeping area.

The Sony touch screen in-dash stereo system pairs up with your smart phone for access to Apple CarPlay/Android GPS and other applications. (N/A on Transit or LE)

All models include Atwood ducts for high performance air flow throughout the coach and front cabover.

Extend and retract the power awning with the push of a button. Both arms are adjustable to get just the right angle.

This multimedia entertainment system features AM/FM/DVD, Bluetooth, plus outside speaker control.

7,500 Lb. Tow capacity (Ford E450)
